

## PRESS RELEASE

### Call 2 of the Community Climate Action Fund launched by Tipperary County Council

#### Introduction

Tipperary County Council is administering the Community Climate Action Fund on behalf of the Department of Climate, Energy and Environment. The fund is to help local communities do their part to help Ireland transition to carbon-neutral status. The local authority is supporting community groups apply for a share in the competitive Community Climate Action Fund and a €700,000 fund has been allocated to Tipperary County Council.

#### Why the Community Climate Action Fund Exists

Ireland is aiming to become a climate neutral economy and resilient society by 2050 with at least 55% by 2023. Becoming a climate resilient society will help us to cope with the impacts of a changing climate.

#### Who can Apply

Community Groups; must be a not-for-profit organisation, must be located in the operational area of Tipperary County Council and must be registered with the Tipperary PPN.

#### The Three Tiers of Funding

*No match funding required (100% funded)*

- Small Scale Projects – €20,000 or less
- Medium Scale Projects – between €21,000 to €50,000
- Large Scale Projects – between €51,000 to €100,000

#### The Five Themes of the Scheme

1. Energy
2. Travel
3. Food and Waste
4. Shopping and Recycling (Circular Economy)
5. Local Climate and Environment Action (Biodiversity/Pollinators)
