<b>Present via Zoom</b>	Cllr's J.P. O'Meara, Pamela Quirke O'Meara and Michael O Meara
<b>Apologies</b>	Cllr. Séamus Morris
<b>Also Present</b>	<p>Ms. Rosemary Joyce, District Administrator; Liam Brett, Director of Services; Mr. Kieran Malone, Senior Engineer; Mr. Barry Murphy, Senior Executive Engineer and Ms. Sinead Moriarty, Staff Officer</p> <p><b>Housing:</b> Ms. Gillian Barry, Administrative Officer; Ms. Breda Ryan, Administrative Officer and Mr. Eoin Delaney, Assistant Engineer</p> <p><b>Planning:</b> Ms. Teresa Kiely, Administrative Officer; Mr. Jonathan Flood, Senior Executive Planner and Mr. Fergal O'Donnell, Senior Executive Planner. Mr. Shane Grogan, A/Senior Executive Officer (via Zoom)</p>
<b>Item 1. To note any Disclosures/ Conflicts of Interest</b>	None
<b>Item 2. To consider and adopt Minutes of the November Meeting held on 20<sup>th</sup> November 2025</b>	It was proposed by Cllr. Carroll and seconded by Cllr. Morgan Walsh and resolved that the minutes of the November Meeting held on 20 <sup>th</sup> November be adopted.
<b>Item 3. To receive update from Housing</b>	<p>The report from Housing was circulated to members.</p> <p>Cllr. Bonfield welcomed the 58 units on the Murroe Road in Newport and asked about the breakdown between 2 and 3 beds. Cllr. Morgan Walsh asked about the houses at the back of the Abbey Court, help for anyone that has received a notice to quit and the homeless accommodation that is available.</p> <p>Cllr. Carroll thanked the staff involved in resolving the situation at Carrigatoher and complimented the Energy Retrofit Scheme. He raised concerns over the gathering of rubbish for bonfires on some council estates around Halloween. This was done by a small number of tenants and the green areas have been destroyed. Cllr. Bugler asked about the property types on the repair to lease</p>

scheme and if Housing are examining the possibility of purchasing land in Ballina as there are 67 approved applicants on the list.

Cllr. Hannigan asked why the income threshold in Tipperary for social housing is €30,000. It is very low in today's terms. He is aware of a person that was approved for social housing but as she did a course and got a job she is now no longer eligible. She could have taken HAP but could not afford the houses available. It should be possible to review this scheme. He didn't think there was capacity issues in the plant in Puckane that would hold up the provision of additional housing.

Cllr. M. O'Meara enquired about the timeframe for the houses in Rathcabbin. He does think Uisce Éireann should have raised capacity issues in relation to Puckane before now. Cllr. Quirke O'Meara requested clarification on housing loans. She thought that the number of loans valid and issued was very low for the amount of applications received. She asked if this scheme was for first time buyers and if there was an amount allocated to it. The maximum value for the loan is €275K but it would be very difficult to get a property for that price. It is a significant process for the applicant to go through, they may not get a mortgage through a bank due to credit issues or income and this scheme may be just as difficult to get approval on.

Ms. G. Barry will give a written response on the breakdown of 2 or 3 bed properties on the repair and lease scheme. The income limit of €30,000 and thresholds on family composition are set by the Department. The income limits had been changed in January 2023 but contact can be made with the department about these. The allocation of €1.5m for purchases of houses is ringfenced for housing for the homeless and people with disabilities. It is not known yet what the allocation for 2026 will be but it is likely that this will also be ringfenced. In relation to loans, once an application is approved by TCC it then has to be approved by the Department. Sometimes the issue is that approval is received but the applicant can't find a house. There is not a specific allocation for housing loans but the allocation is given as loans are approved. The approval of a loan is determined by the person's ability to pay. Increasing the thresholds for a local authority loan does not mean the applicant will be able to afford to repay the higher amount.

Mr. L. Brett confirmed he will get details for the Part VIII houses at the Abbey Court.

Mr. E. Delaney explained that it is not yet known what the breakdown will be for the houses in Newport. There is no land in Ballina at the moment but Housing are always looking for possible sites. Any properties where there is a notice to quit will only be purchased in special circumstances and where Department approval has been received. It is not a capacity issue with the plant in Puckane – the issue relates to the pipework. Uisce Éireann

	<p>want the council to replace pipework as part of the housing scheme. This will add to the cost of the scheme and may lead to reduced density. The scheme in Rathcabbin could be started in Q3/Q4 2026.</p> <p>Ms. B. Ryan said that the CLO's in Housing work with Environment coming up to Halloween. There is a homeless service in Nenagh from December to March with 10 beds available in a facility that is staffed at night. Details will be circulated to members by email.</p>
<b>Item 4. To receive update from Planning</b>	<p>The report from Planning was circulated to members.</p> <p>Cllr. Carroll welcomed the low number of planning refusals and queried if there was a particular issue causing refusals and withdrawals under the Croí Conaithe scheme. He said it was important to get the message out about the variation of the County Development Plan. The workshop on this was very useful but policies should be reviewed to allow people build in their locality. Reed bed systems would be useful in some areas.</p> <p>Cllr. Bonfield asked that a good publicity campaign be undertaken on the variation to the County Development Plan and enquired what is next to happen in relation to the RZT for Newport. Cllr. Bugler enquired about the possibility of getting the number of planning applications that are withdrawn, informing landowners of the RZT, of getting a map of the areas affected, the status of the taking in charge of Ard Coillte and when applications can be submitted for the over the shop grant.</p> <p>Cllr. Hannigan also welcomed the low number of planning refusals and asked about the extension of the County Development Plan until 2030 and if any new policies can be progressed before then. He referred to infrastructural issues in Ballycommon, Puckane, Cloughjordan, Silvermines and asked what could be done to remedy the deficits.</p> <p>Mr. J. Flood agreed that 3% refusal rate is very good. These refusals are due to a variety of reasons but generally relate to policies or the CDP. If an applicant was told at the start of the process there is a 97% chance they will be successful, they would welcome it. Figures in relation to the amount of applications withdrawn are not available but it can be looked at. Planning are aware of the infrastructural deficit in a number of areas hampering development and would be an advocate of addressing this if possible. Cluster Guidelines are central to development. Reed beds can work in certain areas but the land areas required for these can be large. He will have to come back with information on the taking in charge of Ard Coillte.</p> <p>Mr. F. O'Donnell said Newport and Ballina will be included in the final maps for the RZT and if land is included the landowner will be liable. These maps will be available for members. There is not a</p>

	<p>specific requirement to write to landowners to let them know but most people are aware of it. Planning will do what they can to get the message about the variation to the CDP out to the public but he would ask that members also help with this. He took the point in relation to infrastructure and Planning will continue to lobby through the correct channels. Members should however be aware that Uisce Éireann have a limited budget and are playing catch up on a lack of investment for a number of years. The workshop on the variation of the plan will be very important. If policies need to be reviewed that will be done once the variation of the plan has been completed.</p> <p>Mr. S. Grogan informed members that the detail of the new grant scheme are still not fully available. The grants will still be available in town centres but the amount will depend on the number of units and if there is a remaining commercial entity. There will also be a grant for expert advice. In relation to the 28 applications that were withdrawn, these referred to applications that were received but when they were followed up on the applicant never came back so the application was closed.</p> <p>It was agreed to hold the workshop on the Variation to the County Development Plan at 2.30 p.m. on Thursday 15<sup>th</sup> January.</p>
<b>Item 5. To note proposals for Roundabout Scheme in respect of Nenagh Town</b>	<p>Ms. R. Joyce informed members that this scheme will be advertised in the New Year. It is in line with the overall policy on roundabouts, 5 roundabouts have been identified and the minimum contribution will be €5,000. Any existing arrangements for roundabouts will not be affected by this.</p>
<b>Item 6. Ms. R. Joyce informed members that planning has been approved by An Coimisún Pleanála for Garrykenney inner harbour. Funding opportunities will now be sought. There is a lot of work required so it may need to be done in phases. The members congratulated

	<p>everyone involved in the events in Nenagh and encouraged people to continue to shop local.</p> <p>Cllr. Bugler asked for an update on the funding allocated to Ballina and the meeting with Waterways Ireland and Fáilte Ireland. Cllr. Hannigan said it was important to help businesses promote their online shopping experience as online shopping is a threat to local businesses. Cllr. Morgan Walsh complimented Seamus O'Brien and his team on having the streets so clean early on Monday morning after the activities at the weekend. Cllr. M. O'Meara said that parking in Borrisokane near the bus stops is a problem. People drive to get the bus and leave their cars parked for the day making it difficult for the shops, chemists, restaurants, library etc in that part of town.</p> <p>Mr. L. Brett stated that Nenagh is going well. It offers a unique shopping experience and people do come into the town and shop. Mr. B. Murphy will make contact with Cllr. M. O'Meara in relation to the issue of parking in Borrisokane. There may be a funding opportunity in 2026 for a Low Cost Safety Scheme in Ballina.</p>
<b>Item 7. To update members on the Works Programme.</b>	<p>The update on the Works Programme was circulated to members.</p> <p>The members thanked staff for the completion of the works programme. Cllr. Carroll said he is still concerned with smaller issues in rural areas that are not being done. Sometimes it is difficult to know if these jobs get done and it can cause issues with members of the public. Cllr. Bugler raised the issue of speeding in Ballina, especially since the new bridge opened and felt it was important to get a solution to this. She has contacted the Gardaí on it also.</p>
<b>Item 8. To note Engineer's Checklist on roads matters</b>	<p>The checklist was circulated to members and noted.</p> <p>Cllr. Morgan Walsh raised the issue of speeding at the entrance to Drummin village, there is confusion over the speed limits in the area. It needs to be sorted quickly especially as there is another planning application in for further development in the estate. Tenants in Barr an Chnoic have a safety concern as the lights are not working properly and there was a problem with flooding at Modern Tyres.</p> <p>Cllr. Bugler asked about broken signage or missing signage at Curraghviller Rd, Millennium Cross and Marine Village. She also said it was important to keep the inlets and gullies open at this time of year.</p> <p>Cllr. Carroll has been contacted by residents at the end of Yewston Estate in relation to the difficulties they have with people parking outside their houses blocking the footpath and the entrances. He agreed that it was important to keep inlets and gullies open.</p>

	<p>Mr. B. Murphy explained that there will be a more focused effort in opening the inlets and gullies before the next road works programme starts and it maybe useful to have a schedule for this work. It will be difficult to address the issue of parking in Yewston Estate. If double lines are put in place the bye laws do not extend to this area, enforcement will also be a problem. Parking on footpaths causes a lot of damage to them and it is disrespectful to all other users. A raised table would be logical at Drummin Village and it may be possible as part of the new development. Work was done at Modern Tyres to address the flooding and the lights at Bar an Chnoic will be referred to Roads.</p> <p>Cllr. Bugler suggested the members write to Gardaí about their concerns in relation to speeding.</p>
<b>Item 9. To consider Notices of Motion</b>	<p><b>Notice of Motion No: 3071 submitted by Cllr. F. Bonfield</b> That Tipperary County Council seek funding to put in extra public lighting on the Shanballyedmond Road in Rearcross Village which is in a 50km speed limit and is a linkage to Rearcross Village where people walk to and from the village.</p> <p>Notice of Motion No: 3071 was proposed by Cllr. Bonfield and seconded by Cllr. Carroll.</p> <p>Response was given to Cllr. Bonfield as follows:</p> <p><i>The provision of lighting on the Shanballyedmond Road in Rearcross Village would be beneficial. The District Engineer has carried out a preliminary review of the project. The scheme requires new lighting columns and footpath upgrades over a distance of 250 metres. This will involve considerable expenditure and funding will be a significant challenge.</i></p> <p>Cllr. Bonfield welcomed the response and asked that this be kept on the agenda.</p> <p><b>Notice of Motion No: 3074 submitted by Cllr. J.P. O'Meara</b> That Nenagh Municipal District call on Tipperary County Council to write to the Minister for Transport requesting that he introduce legislation to ensure the compulsory wearing of hi visibility jackets by all E-Scooter and E-Bike users, in addition to the lights they are already compelled to have on same said vehicles.</p> <p>Notice of Motion No: 3074 was proposed by Cllr. J.P. O'Meara and seconded by Cllr. Carroll.</p> <p>Response was given to Cllr. J.P. O'Meara as follows:</p> <p><i>If this motion is agreed by members it will be forwarded to the Meetings Administrator for Tipperary County Council for inclusion on the agenda for a meeting of the plenary Council so that it can</i></p>

	<p><i>be considered with a view to having this request forwarded to the Minister for Transport.</i></p> <p>Cllr. J.P. O'Meara said he looks forward to bringing the motion to the full council. The current legislation provides only that hi-vis is advised.</p>
<b>Item 10. To note Delegated Employees Orders</b>	None
<b>Item 11. To consider items of correspondence</b>	None
