

“A Vision For Our Town”

Carrick On Suir Town Centre First Masterplan Information Evening

Thursday 19th March from 16:00 - 20:00 in Ormond Castle

Carrick On Suir is one of towns across the country that received funding to develop a Town Centre First Plan that aims to map out future development, focusing on tackling dereliction and vacant properties, and make the town centre a more attractive place to live, work, socialise and run a business. This Plan aims to help the community to re-imagine and revitalise the town as part of the National Town Centre First Policy.

The Plan is tailored to best fit the needs of the town and those who live and work in it and the Town Centre First Team engaged with the local community to design a plan which is unique to Carrick On Suir. The purpose of the engagement was to allow the community of Carrick On Suir an opportunity to propose ideas for the successful sustainable development of the town and to raise any issues that could potentially be addressed through the Town Centre First Masterplan.

The level of participation to date by the community is welcomed and has directly fed into the development of the Town Centre Masterplan and has provided a deeper understanding of the needs of the community which helps to create a coherent vision for the town.

The Town Team will be in attendance on **Thursday 19th March from 16:00 - 20:00 in Ormond Castle** to give an overview of the Town Centre First Plan and to engage with the community around the vision for Carrick On Suir. The Plan sets out a clear path and a list of projects to help to improve Carrick On Suir, with the focus on actions that can deliver results over the short, medium and long term.
